⑧ as above.

The above orders were communicated to the Deputy Commissioner, Kadir District who in reply states as follows:

(i) That documents & registered deeds of hypothecation together with Title deeds & discharged bonds have not been lodged in the Treasury by the members of the branch as required by para 9 of Government Pro. No 6916-19 of 1.2.97;
Dt 11.7.95

(ii) That as required by para 10 of the above said order, the members have neither endeavored their best to recover Government, nor have they made to repay the loan as promised by them in their deeds of loan;

(iii) That beyond the above defects, there is nothing to necessitate Government selling the lands hypothecated by the members, and recovering the amount due from them

(IV.) that as regards the actual state of the bank the members have ignored all considerations and ideas of banking, & have merely treated this as a means whereby they could obtain money from Government at a very cheap interest, & ~~rely~~ rely upon the future leniency of Government not to recall the amount;

(V.) that as regards the value of the property hypothecated to Government, there can be no doubt that it has deteriorated very largely and it is extremely doubtful whether it would fetch one lakh of rupees as no buyers could be found;

(VI.) that even the few hypothecated estates he had seen have also deteriorated very largely

and from general appearance
he could not honestly say
that the money borrowed
from government
was expended upon the
estates;

(VII) That the two state-
ments obtained from the
President show the principal
and interest due from
each member up to
31st December 1900.

(VIII) That Certificates
of authorization have
been granted to 11 members
to enable them to raise
funds in the market
upon the security of the
current year's crop on
account of the current
working charges of their
estates hypothecated to

Office note continued

In the further report submitted, the Deputy Comr brings to notice that the Agents and members of the Bank have been evading the 'submission' of any kind of programme for repayment, and that out of Rs 15000,000 due for interest on the 30th June 1901, only Rs 4215-13-10 have been paid in August last. The Depts Comr suggests that the wetlands of the Members which are mortgaged to Government, be sold up as it is unlikely that any money will be returned to Govt, ~~unless~~ or any effort made, by the members, unless forced to do so.

In ~~his~~ application to Govt dated 31.8.01, received with the above report, the President of the Bank brings to notice that it was with great difficulty that the Members were able to pay the interest on the loan up to 30.12.1900; that arrangements are being made to pay the interest for the half year ending 30.6.1901, and that to have their

lands sold (for recovery of arrears)
 in the meanwhile would be a
 great hardship and loss to them.
 He therefore prays that in consideration
 of their difficulties and the great
 depression that prevails in the
 coffee trade, the demand for the
 payment of Rs 45095-4-4 made
 by the Deputy Comr, may be directed
 to be withdrawn -

In the proceeding of the Bank
 dated 8.8.1901, of which a printed copy
 is enclosed with the above application,
 it is stated that the members bind
 themselves to discharge the full amount
 of the loan in 10 annual instalments,
 on the return of favorable seasons,
 as directed in G.O. No 9326-7 of 20.5.01;
 and that a request should be made
 to the Deputy Comr to move the Govt
 to show them the same facilities with
 respect to the loan as are granted by
 Messrs Ashburnot & Co, Binnys & Co,
 Messrs Morgan & Sons, and other
 English firms who have lent monies
 on the security of coffee estates.

As matters stand Rs 10,879-6-6
 are due by the Bank for interest
 due up to 30.6.1901.

As you are aware the papers connected with the Agricultural Banks have been transferred to me - Your proposals regarding the Saklespur Chickmagalur Banks involve the consideration of a question which affects the principle of these Banks and I think a previous discussion with you and the members of the Bank is necessary before I can lay any recommendations that I may have to make before Govt. I have received a similar proposal from the Kadir Hassan District. It will be convenient if the proposals from both the Districts are considered together. With this object, I propose to hold a meeting at Arsikere which is fairly central with regard to

they have not only
been unable to abide
by their engagements
but also found it next
to impossible to work

effect without resorting
to external aid. Almost
all their properties being
mortgaged to the Bank
they were naturally obliged

for aid and in its turn
the Bank has been

on

on the capital advances
with the Kandayans &c.
though this has in
some measure helped
the men to carry on
the work in their estates,
yet it has failed to give
the required relief.
Under this arrangement
neither the planters
nor the Government are
I am afraid, likely
to benefit. The advances
made by outside money
lenders have, in most
cases, been only sufficient
to carry on necessary
works for securing
and collecting the year's
crops. Neither manuring
nor other renovating
processes could be carried

secured; and
there has been no

the latest developments

deteriorated and their
yielding capacity has
necessarily been reduced
and I am afraid the policy
adopted at present will
not fail to materially
reduce the value of the
Govt security and any
further delay in taking
action in the matter
will surely end in the
ruin of the men whose
salvation was aimed
at in establishing the

Several European
estates and some Native
estates mortgaged for
large sums of money
to Messrs Baring,
Arbuthnots and Morgans
are being either helped
or are managed by
representative of the
present

the latest developments
of the industry. The
properties have therefore
deteriorated and their
yielding capacity has
necessarily been reduced.
I am afraid the policy
adopted at present will
not fail to materially
reduce the value of the
Govt security and any
further delay in taking
action in the matter
will surely end in the
ruin of the men whose
salvation was aimed
at in establishing the
Institution.

Several European
estates and some Native
estates mortgaged for
large sums of money
to Messrs Baring,
Arbuthnots and Morgans
are being either helped
or are managed by
them irrespective of the

present state of depression
and while so, I don't
see why the Government
should not adopt some
plan which may go to
benefit both themselves
and the planter's concerned.
I might here say I
have had some planting
experience and I have
consulted gentlemen
who have had the
required experience.
Unless the Government
make up their mind
to give the required
and necessary help
there is no hope of
saving the situation.
If the Govt. should decide
to grant the required
help, I think it is very
necessary that adequate
supervision should be
provided for to ensure
the proper application
of the grants given.
There is no use of
depending upon the

superficial inspection of
district officers who
have often neither the
required knowledge
nor time to minutely
attend to this work.
Hence the necessity for
the employment of a
professional gentleman
as Inspector of these
estates whose whole
time and attention
should be directed to it.
I may mention that
I remember reading
in the papers that the
Govt of Queensland
have found it necessary
to select a gentleman
from India to advise
the planters in that
country and thus prevent
wasteful and injurious
expenditure, and it
appears to me that
our native planters
many of whom are
ultra conservative

in their methods un-
extravagant in expenditure
must be benefited by
professional assistance.

I would therefore beg
to propose that one Inspector
be appointed in respect
of the estates mortgaged
to both the Chikmagalur
and the Sakaleswar
Banks to advise and
help the Govt through
the respective Dy Commrs
as to the funds to be set
apart for each of the
estates. It shall also
be his duty to constantly
inspect the works carried
on in them, and submit
periodical reports to
Govt thro the Dy Commr.
He would also estimate
the crops in proper
seasons and see that
they are all accounted
for by the several
estate owners who shall
be constituted the Supts
in immediate charge

unless by their conduct
they forfeit faith. The
crops as collected may
be arranged to be disposed
of and the accounts
settled

At present the capitalists
especially, Messrs Morgans
who make large advances
in this part charge 9
per cent interest in
addition to the usual
commission, and heavy
fines are also imposed
in case of the promised
quantity of parchment
not falling short. The
planters requiring
loans have also to
bear the cost of estimating
their crops. This acts
as a heavy burden
upon the estate owners.
If the Govt should
pay this additional
advance on the same
interest as the original
loan i.e. four per cent,
which

more than half the
burden will have been
removed. The primary
charges upon crops will
be these additional advances
with interest and the
interest on the original
loans as also Kandayam.
The balance may go
towards paying up the
instalments on the debts
but before this is done
I would reserve sufficient
monies for future upkeep
expenses. This no doubt
would delay the settlement
of the debts, but without
sufficient money for
future expenses
reserve the advances
by Govt. will have to
be repeated year after
year causing much
inconvenience. In
connection with the
appointment of a
Govt. Inspector, I have

the name of W. H. Hamilton
Proprietor of the Sieghalli
and Chendrapur estates
in the Madaya Taluk.
He was lately the
President of the South
Planters' Association,
and I learn he has
had six years experience
in the London Coffee
market and West Coast
Coffee curing works. It
would be hard to secure
the services of a better
gentleman than Mr.
Hamilton for the post.
It is fortunate that
his brother is on the
spot to attend to his
estates and so he is
in a position to devote
his whole attention to
this work. He may be
left to choose his own
headquarters.

I have discussed the
matter with Mr. Hamilton
and induced him
to

to be permitted to mention
the name of W. J. Hamilton
Proprietor of the 'Sigchalli'
and Chendrapur estates
in the Madhya Pradesh.

At present the debtors

advent of better time
I would propose that
the Govt may be satisfied

Bank rate on Rs 70000
advanced to both the Banks
and thus set apart the
balance which would
amount to a little
more than Rs 6000 to meet
the pay & exp. of the Inspector.

If the Govt approves of
my proposal I beg that
the services of Mr. Hama
may be entertained
as early as possible.

so that he may have sufficient time to visit one and all the estates and frame an estimate of their requirements in proportion to the acreage which in each case may advantageously be worked. The Govt may have to advance from Rs 50 to 60 per acre for working expenses.

In conclusion I beg to state that the sooner the required help is given by the Govt the greater will be the advantage both to Govt and the debtors. The reserve fund of the Chikmagalur Bank amounts to Rs 14,799. 12 - 9 out of which the balance due to Govt on account of interest and Kandayam will be paid subject to future reimbursement on the usual conditions. So far as this Bank is concerned an advance of Rs 35,000 by Govt would meet the requirements of the current year (up to the 31st March 1903) working expenses. As the work in the estates cannot be delayed any longer without material damage, I solicit an early decision. The matter may be carried over.

The sum of Rs 35,000 which is lent to the Chikmagalur Bank is due to the Govt.

The Private Secretary

H. H. The Maharajah of Mysore

Sir

I have been informed that there is a likelihood of some one being appointed to supervise the Coffee Estates that are hypothecated to the Government of Mysore under the Agricultural Banks scheme. I have the honor to introduce myself as an European coffee planter of twenty-one years standing in Mysore, the last twelve years having been spent on my own properties.

Circumstances have caused the Intergoers (Messrs. Arbuthnot & Co. of Madras) to come to the conclusion that my Estates can no longer

bear the expense of European
 superintendence, & I have accordingly
 to leave here this month.
 I shall be glad to undertake

 you will favorably consider my
 application.

7th October 1902.

My dear Sir,

Yours of 4th Instant enclosing an extract from Dewan's note of the same date in re certain advances to Agricultural Banks and loans for Land Improvements, Irrigation wells &c- ..

Please see my Resource Estimate for 1902-1903.

No provision has been made therein for any expenditure under loans to Agricultural Banks, for Irrigation wells &c- On the other hand an income of Rs.98,000 has been estimated under the Major Head "Loans & Advances".

Though after the submission of my estimate the electric Power Transmission Contract Account with Messrs. Coutts & Co., has been ordered to be closed and I estimate on that account a net income of 3 lacs instead of an outgoing of 2,73,000 and the closing balance of the year at 70 lacs instead of 66,22,000 originally estimated, this increased closing balance will still be 5 lacs short of the minimum working balance required for ordinary Resource purposes and can be reached only by the sale of 13 lacs of Government paper of which 9 lacs have already been sold.

I would therefore recommend the postponement of the

proposed grants to the next year unless they are very urgently required during the current year.

Yours sincerely,

 R-2100-76

The affairs of the Agr.
 Bank at Bhikmagalur
 and Sakleshpur have
 become ~~greatly~~ disappointing.
 The situation is that for
 want of working capital,
 the estates concerned on
 the security of which loans
 were made are deteriorating
 in value. The members
 of these two Banks

were ~~not~~ authorised
to procure loans on the
security of standing
crops for the annual
up keep, but this arrange-
ment is stated not to
have given satisfaction
as the loans that could,
in the present circumstances,
be thus procured were
inadequate in the case
of some of the Estates to
maintain them in good
condition and ~~for this~~ as
the members were ^{generally} unable
to procure the loans
when most needed.

unsuccessfully -
worked heavily
satisfactorily

To prevent further
~~down~~ deterioration
of these Estates, the best preservation of which
being of which is essential ^{in a proper state} for the solvency of these
banks
the only possible remedial
measure is to advance
to these two Banks for
a few years such sums
of money as are necessary
for their upkeep, and so
could be got back from
the crop year after year.
For this purpose an
annual grant of -

\$60000 for the Kader of
and \$50000 for the Kader
of will be made.

2. ^{considered necessary} It is proposed that
Saryt ^{or} report advice & inspection
in regard to these two
Banks should be secured.

Accordingly Govt
have decided to appoint
an officer to be called
Inspector of Coffee Estate

Among several appli-
cations for the ~~post~~
Mr. Polkington has been
chosen on a monthly
salary of \$500.
He has paid out of the
Banks funds for funds
of both these Banks.

3. The following
arrangements to which
are reported to conduce
to the efficient working
of the Estates and ^{by affording} supply
proper guarantees for
the recovery of the
advances made annually
for working expenses

4. These two Banks
 should convene an
 extraordinary meeting

 resolutions in continuation
 of their articles of

- 1) The Banks shall
some time before the
end of February in each
year, have an estimate
prepared of the sums
which may be required
by each member for the
proper cultivation and
up keep of his estate and
the picking, preparation
and sale of the crops and
present the same with
a formal application
for loan to the Dy Commr.
of the D^o who will forward
it to the Inspector of
Coffee Estates for
scrutiny and report.
- 2) The Inspector of Coffee
Estates will at once
proceed to inspect the
estates and within a
fortnight of the receipt
of the Dy Commr's reference
submit his opinion to
the Dy Commr. on the estimate
framed by the Bank.
- 3) Out of the funds
to be placed at their
disposal for this purpose,

The By-laws of Kadus
and Hassan shall have
power to sanction the
grant of loans to the
Banks at Chechnagah
and Saklesapur up to
limit of Rs 60000. &
50000. respectively per
annum.

4/ Upon receipt of
intimation of sanction,
the Banks shall at a
meeting of the General
assembly determine
how the loan should
be distributed among
the different members
and give and a copy
of such distribution
to the By-laws for
information and
communication to
the Inspector of Coffee
Estates.

5/ For the purpose of
such advances, the loan
sanctioned by the By-laws
will be drawn by the
Banks in monthly
instalments commencing
from the month of April,
and distributed to the
members after obtaining
from their statements
duly signed showing
particulars of the

appropriation of the funds
obtained by them in the
previous month. These
statements will be transmitted
to the Inspector of Coffee
Estates by the President
of the Bank through the
By-Laws, as early as
practicable.

6) The loans so granted
by Govt for the cultivation
and up-keep of Estates
will bear interest at
6 percent per annum
from the date the investments
are drawn.

7) These advances shall
on no account be
applied to the opening of
new Estates or replanting
of tracts which have
gone out of cultivation.

8) Estimates of crops
shall be made at Conve-
nient times by the indivi-
dual members and by the
Bank's inspecting Committee
and submitted by the Bank
to the By-Laws, who
shall forward them to the
Inspector of Coffee Estates
in sufficient time to
enable him to inspect
the Estates and check the
estimates and record his
observations.

9) The members shall bind themselves not to dispose of their crop otherwise than through the Bank and the Director of Coffee Estates will see that their condition is duly observed.

10) The members shall deliver all the produce of their Estates to the Bank at its local office or to their agents on the Coast prepared and packed in the usual manner for transit and the Bank shall arrange to sell the crops to the best advantage and shall render to each member an account of the realizations of the sale of his crop and the proportionate expense incurred on that account.

11) The Bank shall at once pay over to the Govt. Treasury all the sums realized by them by the sale of crops as they are received and proceed to adjust the account standing to the credit of each member on the principles mentioned below.

Firstly, to the payment of arrears of assessment,
